SOW SALZER'S SEEDS

1929 WHOLESALE PRICE LIST — FOR — Market Gardeners Only

John A. Salzer Seed Company,
LA CROSSE, WIS.

Market Gardeners Wholesale Price List

PLEASE READ BEFORE ORDERING

ORDER EARLY. It will be a great advantage to both you and ourselves, if you will send in your order as early as possible. It is a big task to handle the heavy business transacted in the spring months, and if your order is received early in the season, it simplifies our shipping problems, and you will have the seeds all ready for planting when you want them.

PLEASE USE THE ORDER SHEET AND ENVELOPE enclosed with this price list as then we know at once, that you are entitled to wholesale prices. Always use variety numbers when ordering, and always give full name, complete address, and shipping directions.

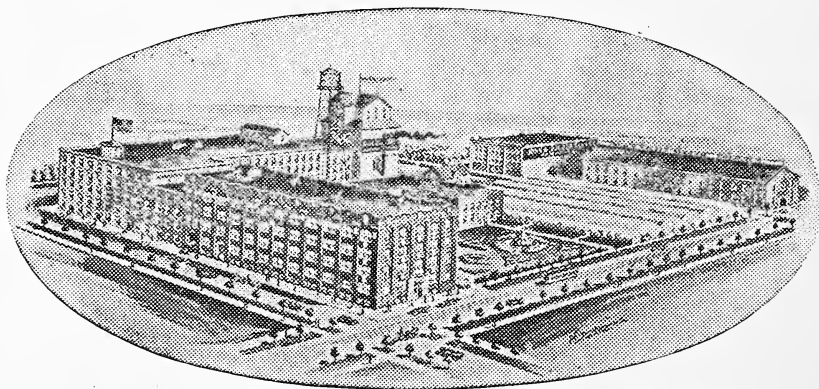

CUSTOMERS WILL PLEASE REMIT WHEN ORDERING. We are frequently asked to send small lots where cash is not sent with order, but keeping account of such items entails upon us much bookkeeping labor, and after all is no real convenience to our customers. By curtailing our office expense, etc., we are thus enabled to correspondingly reduce our prices, so that in Salzer's Quality Seeds, our friends find splendid and unusual bargains.

PRICES IN THIS CATALOG ARE NET AND INCLUDE the postage charges, except where noted. If you order goods at "not prepaid" prices, and your order is heavy enough to go by express or freight, you pay the agent upon arrival of the seeds. If there is no agent in your town, please add the necessary amount to prepay the charges. Any over-payment will be promptly refunded to you. For "not prepaid" parcel-post shipments, please see Page 6 of our General Catalog and add the necessary amount for postage.

WE TRY TO SHIP YOUR ORDER WITHIN 24 HOURS after it reaches us, and we guarantee the safe arrival of seeds sent by express or freight, but we cannot be responsible for delays in transit.

WE SELL BEANS, CORN, AND PEAS BY THE POUND and not by measure; one pound is more than one pint, and two pounds more than a quart. Half bushels are sold at bushel rates and half pounds are sold at pound rates.

WHILE OUR SEEDS ARE OF THE FINEST QUALITY, yet there are so many factors that must be taken into consideration that we cannot guarantee the crops, and therefore, in common with all seedsmen, we, the John A. Salzer Seed Co., do not give, and our employees are forbidden to give, any warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs, or plants we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they must at once be returned and money will be refunded.

THE JOHN A. SALZER SEED CO'S. BUILDINGS COVER A CITY BLOCK

SALZER'S NORTHERN GROWN STRAWBERRIES

Our famous Strawberry Plants, grown on virgin soil, and grown for plants alone, are **big money makers**, and the most satisfactory in the long run. Every one of our propagating strawberry beds are grown for plants, and nothing else. **The plants used for filling our orders are taken from the heart of the row**, every plant large and strong, fully developed, ready to make a quick, sturdy growth in your fields this year. The varieties listed below, all have "perfect flowers".

DR. BURRILL—"The Million Dollar Berry." Is one of the best general purpose strawberries ever produced. It is commonly known as the "Improved Sen. Dunlap", which is enough of a recommendation for anyone to feel safe in planting it. Anyone who has ever grown strawberries has heard of Sen. Dunlap, that grows anywhere and blossoms and fruits among weeds if necessary, but still brings a fine crop of berries to perfect maturity. That's just what Dr. Burrill does, too, for it has all of the same good qualities and more too. On account of its extra long, sturdy roots, heavy crowns and healthy foliage, it is able to produce a heavy crop of handsome, luscious, best quality berries every year, regardless of rainfall. With its extra long root system it is able to draw moisture from a greater depth than the average strawberry.

SENATOR DUNLAP—"The Old Reliable." Grown as the **MAIN CROP BERRY throughout the country!** It will produce a full crop in a wider range of soil and climate than any other variety. **Thrives and produces in every state.**

GIBSON—"The Standard of Excellence." Usually produces from two to four large fruit stems on every plant. No wonder it yields such great quantities of fruit. The vines are simply loaded with berries that are of largest size and of a beautiful dark, glossy red color, extending clear to the heart of the berry. Has very fine flavor, is a good shipper, and does equally well in all soils and climates.

AROMA—Considered the standard late strawberry. Berries are large, nearly round, solid, firm and of an exquisite flavor. A grand all-around strawberry.

PROGRESSIVE—This standard everbearer is known and grown throughout the country, bringing fine, fresh berries to thousands of homes all through the summer and fall. It grows and produces good crops of delicious berries on any fertile soil and in nearly every climate. A full crop comes the same year the plants are set. It is particularly adapted to hill culture, one plant often producing 100 perfect berries during the season.

SALZER'S MASTODON STRAWBERRY THE GREAT, NEW, GIGANTIC, EVERBEARER!

Nothing like this superb berry has ever before been produced in the strawberry line. See further description of Salzer's Mastodon on Page 143 of our large general catalog. Don't fail to plant some this year.

Wherein Salzer's Mastodon Leads:

1. Most Productive and Profitable of All Everbearers:—
Five hundred seventy quarts per acre in one days picking, selling at 30c per quart, making \$171.00 from one acre in one day.
2. Berries Largest of Any Known Variety:—
Eighteen fill a quart box; 5 laid end to end measure 8 inches, 3 weigh 2 ounces. One measures 5 inches around.
3. Berries Big and Uniform at All Times During Season:—
The berries are just as big at the end of the season in late October (or later) as they are in July, August, or September. At no time do they run small.
4. Berries Very Firm and Attractive:—
Mastodon berries are just as solid and firm as they are big, and their color is a most attractive strawberry red.

5. Berries Delicious, Highly Flavored, Sweet:—
Nothing lacking in the taste of Mastodon berries. Everybody pronounces them the most delicious berries they have ever eaten!
6. Bears Three Crops within 18 Months After Planting:—
Mastodon plants begin to ripen their big, wonderful berries within 90 days after plants are set and continue until cold fall freezing weather. Then the following spring they bear as much as any spring variety. The plants then take a 6 weeks' rest and commence fruiting again and bear big, juicy berries all that summer and fall. Can you beat it? Three crops in 18 months.
7. Plants Are Big, Vigorous and Make a Good Wide Picking Row Where Other Varieties Fail. Side by side with common varieties, with same soil and care, Mastodon gave a very much heavier growth than any other variety.

Special Price to Market Gardeners on Salzer's Mastodon Strawberry Plants:
12 Plants for 55c; 25 for 90c; 50 for \$1.60; 100 for \$2.90; 250 for \$6.75; 500 for \$11.90; 1000 for \$22.00, postpaid.

WE WILL HAVE BERRIES FOR CHRISTMAS, NEW YEAR'S AND I THINK ALL WINTER .
G. H. Starr, Inglewood, Calif.

SALZER'S VEGETABLE SEEDS

Grown from selected stock—Carefully tested
on our Cliffwood Farms

A VIEW OF SALZER'S CLIFFWOOD FARMS, LA CROSSE, WIS.

WHOLESALE PRICES FOR MARKET GARDENERS ONLY

PLEASE NOTE: Prices in this book are net, and include postal charges except where otherwise noted. See page 6 of our large catalog for postal rates on "Not Prepaid" shipments that are wanted by mail. Half pounds are sold at pound rates, half pecks at peck rates, etc.

Seeds in retail packets (as listed in our Retail Catalog) are subject to a discount of 25 per cent, making each 5c package cost $3\frac{3}{4}$ c; each 10c package cost $7\frac{1}{2}$ c; each 15c package $11\frac{1}{4}$ c; 20c package 15c; etc., etc. This discount applies only to seeds in retail packets. Seeds in retail packets are postpaid.

Mrs. W. E. Thompson, Minneapolis, Minn.

SALZER'S FROST-PROOF CABBAGE PLANTS SPELL HANDSOME PROFITS FOR YOU

These cabbage plants will stand frost without being damaged, and will generally stand light freezes. In fact, if they do not withstand 20 degrees above zero, write us and we will replace them or refund your money. Set them out in the open as soon as you can get them into the ground. You will marvel how they take hold immediately and grow and thrive, maturing you a fine crop of cabbage weeks before you can grow a crop from seed. Market gardeners everywhere are making big money from Salzer's Cabbage Plants. You can do likewise.

FROST PROOF CABBAGE PLANTS

Be sure to state when we shall ship your plants.

Salzer's Radio Cabbage Plants—Per 100 plants, 65c; 200 for \$1.25; 300 for \$1.80; 400 for \$2.25; 500 for \$2.50; 600 for \$2.90; 700 for \$3.30; 800 for \$3.60; 900 for \$3.95; 1000 for \$4.25, postpaid. Not prepaid: 1000 or more, at \$3.25 per 1000.

Salzer's Lightning Cabbage Plants—Per 100 plants, 65c; 200 for \$1.25; 300 for \$1.80; 400 for \$2.25; 500 for \$2.50; 600 for \$2.90; 700 for \$3.30; 800 for \$3.60; 900 for \$3.95; 1000 for \$4.25, postpaid. Not prepaid: 1000 plants or more, at \$3.25 per 1000.

Early Jersey Wakefield, Large Charleston Wakefield, Copenhagen Market and Early Dwarf Flat Dutch—Per 100 plants, 50c; 200 for 95c; 300 for \$1.45; 400 for \$1.55; 500 for \$1.70; 600 for \$2.05; 700 for \$2.30; 800 for \$2.75; 900 for \$2.90; 1000 for \$3.00, postpaid. Not prepaid: 1000 to 4000 at \$1.90 per 1000. 5000 or more at 1.80 per 1000. Shipping weight, 25 lbs. per 1000 plants. Orders not filled unless in multiples of 100 of one variety.

Plants are sent separate from seed orders.

THE SEEDS I GOT FROM YOU THIS SPRING WERE THE BEST WE EVER HAD.
Mrs. A. Reinhold, Davenport, Wash.

ONION

SALZER'S SELECT SOUTHPORT YELLOW GLOBE

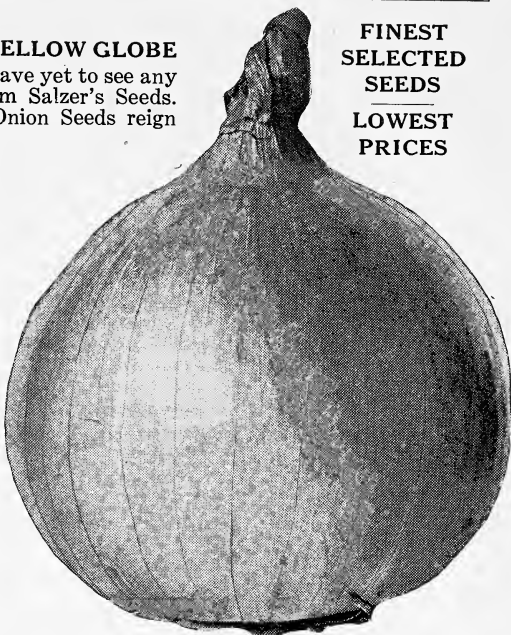

We specialize in onion seed and we have yet to see any onions that can excel those grown from Salzer's Seeds. Carefully bred and developed, Salzer's Onion Seeds reign supreme. Onion seed is very short this year, and we urge you to order early. Our Yellow Southport is one of the finest keepers, it is very popular, widely grown, and its beautiful globe shape and attractive, light yellow skin, make it a ready seller at good prices. Practically devoid of any neck. Price below.

SALZER'S PRIZETAKER

A very attractive onion, which grows to a splendid size. Easily grown, succeeds in all parts of the United States, fine keeper, and of an unusually mild flavor. Uniform globe shape, small neck, ripens evenly and has pure white, tender flesh. Always attracts attention in the markets, and has been a big money-maker for market gardeners. Our seed is the best obtainable, carefully developed and tested at our Cliffwood Farms. Price below.

All Onion Seed, except Red Wethersfield, 5 lbs. or more, deduct 12c per lb. from the pound price.

INOCULATING**BACTERIA**

Even though your soil is rich, inoculation will give you still better and earlier crops, and it will greatly enrich your soil for future crops. Inoculation of seeds is inexpensive, and it is simple and easy. Cultural directions are on each package. Only those seeds which are legumes, such as beans, lima beans, peas and peanuts require inoculation. We urge you to take advantage of the following low prices:

Garden Beans, Peas, Sweet Peas	Postpaid Price
6000.—Garden Size Only	\$.20

HARRIS LOCKED PLANT BANDS

The simplest way to handle plants for transplanting is to grow them in our Ready-To-Use Plant Bands. They come already folded, and all you have to do is to open them, fill with soil and then plant. These bands are economical, they make an ideal worm guard; in transplanting into the field simply put the band and all into the ground, thus preventing exposing the roots to the air, which always sets the plants back.

By using these it is even possible to transplant sweet corn, cucumbers, squash, melons, beans, etc. Plants started in these bands and set in the field, never know they have been moved. If you sell plants at market, your customers will like to buy them in bands. Prolong your growing period by getting an earlier start. Plants mature in these bands from 2 to 3 weeks ahead of those grown by any other method. We do not put bottoms in the bands, so the plants will not be hindered in any way when set in the fields.

5201.—Price, postpaid: 2x2x2 $\frac{1}{2}$ in. deep, 40c per 100; \$.95 per 250; \$1.80 per 500; \$3.45 per 1000, postpaid.

**LENOX SPRAYER—For Indoor Use**

Keep your plants free from insects and dust by using this simple light sprayer. You will be surprised at the new beauty of your appreciated plants. It makes the plants healthier, bloom more freely and more luxuriantly. A great many of our customers write us that they find this sprayer wonderfully useful in sprinkling clothes. We are closing out on this item and are offering it at below cost.

Price, only 31c, postpaid.

**SALZER'S IMPROVED
CONSTELLATION GARDEN TOOLS**

For illustration of this splendid combination outfit, see Page 147 of our general catalog. It has all of the equipment that you need from the initial seeding to the final cultivation. There is one standard frame used throughout, and if you wish, you may purchase first one of the tools (such as the single wheel hoe) and then add to it from time to time, until you have the complete machine.

- 1.—Salzer's Improved Constellation, Complete, shipping weight 60 lbs., not prepaid, \$14.50.
- 2.—Salzer's Improved Constellation Hill and Drill Seeder, (does not include cultivating equipment) shipping weight 50 lbs., not prepaid, \$11.90.
- 3.—Salzer's Improved Constellation Double Wheel Cultivator, (does not include seeder parts) shipping weight, 35 lbs., not prepaid, \$10.00.
- 4.—Salzer's Improved Constellation Double Wheel Hoe, Shipping weight, 30 lbs., not prepaid, \$8.25.
5. Salzer's Improved Constellation Single Wheel Cultivator, Shipping weight, 35 lbs., not prepaid, \$9.00.
- 6.—Salzer's Improved Constellation Single Wheel Hoe, Shipping weight, 27 lbs., not prepaid, \$7.75.

SALZER'S EXTRA FINE NORTHERN GROWN LAWN GRASS SEED

Sown With Salzer's Radium Lawn Grass Seed

It is an easy thing to grow a beautiful lawn if only you have good seed. Realizing this, Salzer's offer only the best of grass seed for lawns. No matter what your particular requirement may be. Salzer's are able to furnish a special grass seed for every situation.

There is Salzer's Radium Lawn Grass Seed for general use, and Salzer's Shady Place Grass Seed for sowing in shady parts of your lawn or under large trees where ordinary grasses will not give the best results. Or if for any reason you have a very unusual plot, and you are not able to grow a fine lawn with the regular grass seed mixtures, Salzer's will give you individual attention and make a special mixture to suit your needs.

VIGORO—Specially Prepared Plant Food

For the Lawn, Vigoro is the finest fertilizer and plant food obtainable. In making a new lawn, after the ground has been thoroughly prepared, apply 4 pounds of Vigoro per 100 square feet, mixing it thoroughly with the top soil. It is well, then, to wait one day before sowing the seed. After seed is sown, wet down thoroughly but carefully, so seed is not washed away. On an established lawn, apply Vigoro early in spring, at the rate of 4 pounds per 100 square feet. Spread it evenly and then wet down thoroughly. Light applications of 2 pounds per 100 square feet, every six weeks thereafter, on both new and old lawns, will keep them beautiful and green through the season. Apply Vigoro evenly,—too much in one spot or heavy applications is wasteful and may burn the lawn.

Price of Vigoro: Lb., 25c; 2 lbs., 40c; 5 lbs., 75c, postpaid. Not prepaid: 10 lbs., 85c; 25 lbs., \$2.25; 50 lbs., \$2.75; 100 lbs., \$4.75.

5511—BONE MEAL FERTILIZER. A by-product of the large packing houses; it is made from fresh green bone with an analysis of about 2 per cent ammonia, 27 per cent phosphoric acid and 50 per cent bone phosphate. This fertilizer has been steamed in order to give quicker action. Is considered one of the most lasting and result producing fertilizers obtainable. Not prepaid: 5 lbs., 30c; 10 lbs., 50c; 25 lbs., \$1.15; 50 lbs., \$2.10; 125 lbs., \$4.65; 250 lbs., \$9.00; 500 lbs., \$17.50.

5586—SHEEP MANURE. This fertilizer is dry, pulverized and screened and all undigested weed seeds have been destroyed so they cannot under any circumstances germinate. The analysis is: Ammonia, 2.73 per cent; Phosphoric Acid, 1.75 per cent; Potash, 1.50 per cent; Humus, 90 per cent. Not prepaid: 5 lbs., 20c; 10 lbs., 35c; 25 lbs., 75c; 50 lbs., \$1.25; 100 lbs., \$2.25; 500 lbs., \$10.75; 1000 lbs., \$20.75.
